

June 19, 2018

Dear Bill VanOrsdel & the Iowa Great Lakes Association:

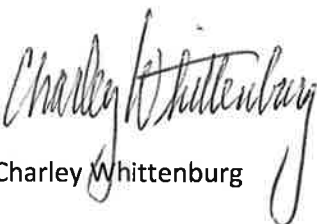

On behalf of Arnolds Park Amusement Park, I want to thank the Iowa Great Lakes Association (IGLA) for their continued support of our park since your inception.

Your two videos summarizing our recent restoration and improvement have proven very helpful in generating public support both financially and emotionally. Also, IGLA's support in securing the \$950,000 Vision Iowa Grant will not be forgotten.

Just as significant is the assistance with the U.S. State Department's J-1 Visa Student Exchange Program enabling Arnolds Park Amusement Park to utilize the J-1 program in hiring of over 80 students providing much needed staff to operate the park to the hundreds of thousands of annual visitors to our area. Thank you for the 50 bicycles that IGLA donated providing transportation for our summer staff. This is a wonderful group of students, and IGLA has also helped make their experience in our community that much more rewarding.

IGLA's commitment to Arnolds Park Amusement Park helps not only our 2018 season, but many memory making seasons to come. Again, thank you!

Thoughtfully,

Charley Whittenburg

Jeff Vierkant
